A team of experienced guides will help you to discover the secrets of the Camargue: wetlands, reedbeds, rice fields, pink flamingos, bulls, horses, local products, bulls herds and by the end, you will know the Camargue inside out!

Thanks to our 4X4 vehicles, we offer you the chance to sink into the wilderness of the Camargue.

Our guides, country men and women, will get you through the swamps and share with you their passion for the protected area through a friendly, cultural, historical and naturalistic approach.

In the heart of the grasslands and marshes which surrounds the famous Carbonnière Tower, we offer you the opportunity to discover bull herds, sharing a special meal with local products (bull saucisson, Focaccia from Aigues-Mortes and the famous grey wine from "Vins de sables" PGI) in a friendly atmosphere.

After, we will return through the ricelands and reedbeds and continue the adventure.

At the happy hour time, a wine tasting is planned in a 200 years-old domain. We give you the opportunity to meet a winemaker who will discuss his knowledge about typical wines from the region.

4X4 GOURMET SAFARI IN CAMARGUE

A CULINARY ADVENTURE IN THE HEART OF THE WILDERNESS

Embark on a unique sensory journey to the very heart of the Camargue, where unspoiled nature meets the pleasures of fine dining, aboard our all-terrain 4x4.

This excursion invites you to explore the authentic landscapes of this mythical region, punctuated by carefully selected gourmet stops. We venture off the beaten path to reach an exceptional marshland, home to an incredible diversity of wildlife. Flamingos, herons, and other migratory birds welcome you to their natural sanctuary.

Our first stop offers a delightful coffee break, accompanied by local treats in this enchanting setting. Continuing our adventure, we climb to a panoramic viewpoint with breathtaking vistas over the Camargue.

The perfect moment to enjoy a regional aperitif, surrounded by the iconic Camargue horses and majestic black

bulls peacefully roaming their native land. We then head to a Costières vineyard, where a tasting of local wines awaits you, paired with a gourmet starter celebrating the richness of the terroir.

Following the sandy trails, we reach another vineyard nestled in the dunes – a hidden gem in the heart of nature. Here, you'll savor the main course, perfectly paired with a local wine, served in a rustic and charming countryside setting. Finally, to complete this sensory and gourmet journey, we set off to the most secret corners of the Camargue to enjoy a homemade dessert among reeds and wild birds, gently carried away by the magic of the surroundings.
